KEY WEST IS BIG SUFFERER FROM STORM

Eight Hundred Lives and
Three Millions of Property
Feed the Elements.

Waves Swept People on Land
Into the Sea.

THOUSANDS ARE HOMELESS

New Orleans, Oct. 12.—Soldiers in Key West were ordered to shoot looters who began to pillage before dawn today. Lawless fishermen and cigar-makers from adjoining islands who sought refuge in the city started a raid on what was left of the gale-demonished homes. The city is under martial law. There was no great loss of life in Key West proper. On the unprotected islands of the outskirts was the greatest fatality. Along the coast great waves took the inhabitants out to sea. The islands are practically flat with no places of refuge. The water swept away every vestige of life. There is hardly a house in Key West undamaged and most all the town is a mass of wreckage. The estimated loss is three million dollars, with more than 800 lives.

ONE REPORT 1,200 LOST.

New Orleans, Oct. 12.—A wireless from Tampa, Fla., states the loss of life from the hurricane will exceed 800. Four hundred men, engaged in building a railroad on the Keys are reported to have perished, according to survivors. Another wireless from Tampa, later, says at least 1,200 lost their lives in the storm sweeping the entire southwest coast. In addition to the dead, thousands are homeless with hundreds in the building ruins. Key West suffered the most. Today it is one mass of wreckage, with property loss not less than two million dollars. A wireless from a vessel near Key West, caught by a long wireless station, says 800 lives were lost off the Florida Keys. After this statement the message became a jumble of meaningless words, and apparently it was endeavoring to describe the panic. The name of the vessel it was impossible to learn.

CUMBERLAND PRESBYTERIAN CHURCH STARTS A REVIVAL.

A revival will begin tonight at 7:30 o'clock at the Cumberland Presbyterian church, Twelfth and Trimble streets, conducted by the Rev. J. B. Oakley, of Dyersburg, Tenn., a prominent evangelist of the south. Mr. Oakley arrived this morning. He comes highly recommended and is an intimate friend of Messrs. Brown and Curry, who conducted the successful revival at the Auditorium rink a few weeks ago, and has been associated with them in meetings.

The revival will continue possibly for two weeks, two meetings being held each day. Tonight will be the first while the day meetings will begin tomorrow and will be probably held each afternoon. This has not been decided upon however and they may be held each morning instead. The Rev. D. W. Fooks, pastor of the church is ill at Duketown, Tenn., and may not be able to return home before the first part of next week. His condition today was reported improved. Rev. Oakley is an able evangelist and a large audience is expected to greet him this evening at the opening of the revival.

J. B. LORD INSPECTS THE FLEET YESTERDAY.

President J. B. Lord, of the Ayer & Lord T. Co., of Chicago, and two officials of the St. Paul and Burlington railroad, left Brookport yesterday afternoon on a special car returning to Chicago. Mr. Lord arrived yesterday morning and in company with the two railroad officials visited the company's fleet opposite Paducah at Tennessee island, accompanied by Attorney C. C. Grassham and Mr. Henry Baker, manager of transportation for the company at Paducah. No significance was attached to their visit here as a matter of information as to how ties were handled.

Three Inches of Snow.

Winona, Oct. 12.—Three inches of snow fell last night and a high wind prevails.

Blizzard Raging.

New Richmond, Wis., Oct. 12.—A blizzard is raging here. The temperature has dropped to freezing.

HAZELIP CHARGES NEGLECT OF DUTIES OF OFFICERS MADE SMEDLEY SHORTAGE POSSIBLE

He Quotes Professor Smith's
Statement That the Shortage
May be \$50,000 as Far
as Anyone Knows.

One of Mr. Hazelip's strongest points that he has used throughout the campaign is the performance of his duty as county attorney in part by Mr. Barkley. It is something that Mr. Barkley has been unable to answer satisfactorily, and he attributes it to mistakes he has made. If elected county judge Mr. Barkley has promised to see that nobody steals. Mr. Hazelip said: "Mr. Barkley in his speech at Reidland said that if he were elected county judge he would see that no man steals, one cent of the county's money. I say Mr. Barkley you have been county attorney for the past four years, and that you have been clothed with all the powers that the great commonwealth of Kentucky could give you, you are the prosecutor of this county you have had the grand jury at your command, you have had the sheriff to serve your subpoenas, yet under your very nose you have allowed this county to be defrauded and even robbed. If you can protect the county taxpayers as county judge after you have been divested of your powers as the prosecutor of the county, why in the name of justice didn't you protect them while you were county attorney?"

Chilly weather prevented a large crowd from attending the debate between Thomas N. Hazelip and Alben W. Barkley, nominees for the office of county judge, at Lang's school house last night. Owing to the fact that the school is within the consolidated school district there were no seats and accommodations, and by agreement the speakers cut their speeches to 45 minutes each, while the voters leaned against the walls and used the floor for chairs.

The short time was not sufficient for Mr. Hazelip, who had just begun

ALEXANDER WOULD MEET L. W. FEEZOR

THE REPUBLICAN NOMINEE FOR
COUNTY SUPERINTENDENT
WANTS ISSUES DISCUSSED.

MORE FUN PROMISED FOR THE
VOTERS OF THE COUNTY.

L. B. Alexander, Republican nominee for county school superintendent, has challenged L. W. Feezor, Democratic nominee for the same office for a debate that will be held at 14 school houses in the county. Mr. Alexander is a young man well qualified for the office, and in a debate the voters may have an opportunity to compare the men for the office of county school superintendent, which is an important one.

The dates arranged by Mr. Alexander, who is principal of the consolidated school, are:

High Point school house, Friday, October 15, at 7:30 o'clock.
Grahamville, Saturday, October 16, at 2 o'clock.
Mother, Monday, October 18, at 7:30 o'clock.
Reidland school house, Tuesday, October 19, at 7:30 o'clock.
Sunny Slope school house, Wednesday, October 20, at 7:30 o'clock.
Hendron's school house, Thursday, October 21, at 7:30 o'clock.
Hooverkamp, Friday, October 22, at 7:30 o'clock.
Rosebower school house, Saturday, October 23, at 7:30 o'clock.
Maxon Mills, Monday, October 25, at 7:30 o'clock.
New Hope, Tuesday, October 26, at 7:30 o'clock.
Milan, Wednesday, October 27, at 7:30 o'clock.
Mascot, Thursday, October 28, at 7:30 o'clock.
Lamont, Friday, October 29, at 7:30 o'clock.

The appointments will not interfere with the debate between the nominees for county judge.

SNOW.

Falling in Iowa Towns—Des Moines in Threes of Wind.

Des Moines, Oct. 12.—Snow fell yesterday afternoon and evening. A piercing north wind blew last night. Light snow is reported in many towns in central Iowa.

TAFT BUSY

TODAY COVERS MORE POINTS
THAN HE HAS YET.

Los Angeles, Oct. 12.—At 8:30 this morning the Taft party left the electric railway station here in a private car to inspect the Soldiers' Home at Sawtelle. At 9:30 they left the Soldiers' Home for Hollywood in an automobile tour. They were at Pasadena at 11 this morning and had luncheon at the Hotel Maryland with Governor Gillette, the hosts being the Pasadena board of trade. They left at 12:45 p. m., continuing with minute stops at Monrovia, Azusa, Claremont and Upland and will reach San Bernardino at 2:15, when they take part in an automobile parade. Then they go to Redlands and Colton, 45 minutes at Redlands, and arrive at Colton at 4 p. m. and Riverside at 4:35. The long motor ride to the top of Rubidoux mountain will then be made, where a tablet will be unveiled in honor of the occasion. They leave at 9:30 for Arizona, having completed the busiest day of travel in the itinerary to date.

MRS. MATTIE RHODES DIED YESTERDAY.

Miss Mattie Rhodes, aged 23 years, died at the home of her parents, Mr. and Mrs. Frank Rhodes, on the Humboldt road, yesterday afternoon at 3 o'clock of brain fever. She has been ill for only eight days. Miss Rhodes had a wide circle of friends and was Mr. and Mrs. Rhodes' only daughter. Besides her parents she leaves three brothers, Messrs. Sam, Ollie and Leslie Rhodes. The funeral was held this morning and burial at the Milligan cemetery.

MORE TIME ASKED.

Frankfort, Ky., Oct. 12. (Special.)—In the case of Bain versus the Globe Bank and Trust company, and T. J. Atkins versus Globe Bank and Trust company, the appellant moved for more time in which to file briefs.

JACK FROST PAYS HIS FIRST VISIT

PADUCAH FEELS THE STORM
THAT STRUCK GULF COAST.

WIND HOWLS, TEMPERATURE
FALLS AND WINTER CALLS.

Paducah felt a little of the storm that did so much damage on the Gulf coast last night. The wind howled and whistled here almost all night and today there has been a great change in the temperature. The thermometer went down to 34 last night, and the wind, blowing the clouds away, there was a very good size frost. There was no damage done hereabouts by the wind, and today has been crisp and fresh.

Overcoats were in demand this morning, as it was quite cool. Down on the river they had a taste of winter and everyone had to wrap up good. Despite the cool weather, one or two straw hats were noticeable on the streets this morning, but it is a safe wager that they were laid aside at noon.

WISCONSIN BASEBALL BOYS START HOME FROM JAPAN.

Tokio, Oct. 12.—The Wisconsin university baseball team, which is playing all the strong nines here this summer, leaves for home today. This morning it defeated Kio college here 9 to 0.

The Weather

For Paducah and vicinity: Fair tonight and Wednesday; frost tonight. Lowest temperature today was 33 and the highest 50. A heavy frost fell last night in and around Paducah, and frost is the prediction again for tonight. The first frost, although light, was evident Tuesday morning September 28.

Illinois: Washington, Oct. 12.—Partly cloudy and continued cool Tuesday; Wednesday fair and cool; brisk to high northwest winds on lake.

Sun and Moon.

Sun rose today 6:07 a. m.
Sun will set today 5:27 a. m.
Moon will rise tonight 5:18 a. m.

MINISTER CRANE RESIGNS HIS POST TO CHINA TODAY

Secretary Knox Was Not Satisfied With Explanations
and Demanded it.

Interview in Chicago Newspaper Responsible For it.

KNOX MAKES A STATEMENT

Washington, Oct. 12.—The state department today announced the resignation of Charles R. Crane as minister to China.

Washington, Oct. 12.—In a formal statement, Secretary Knox said: "I have reluctantly reached the conclusion for the good of the service I should inform Crane his resignation would be accepted, and have done so." Knox sent a dispatch to Taft announcing his decision.

Washington, Oct. 12.—The reason for the action of the state department is newspaper stories printed regarding affairs in the Orient. Knox says: "The department of state for some time has been engaged in making a study of an alleged agreement between China and Japan in relation to Manchuria to determine whether there is anything in the agreement adversely affecting American interests. Crane came to the department while the investigation was going on and was told of it. Without consulting anyone in the department he gave out the newspaper story that the United States intended to protest a part of the agreement. Crane thereupon was called here. He admitted his indiscreet talk with a reporter was responsible for the story printed."

J. E. ENGLISH SUED FOR \$5,267 BY MRS. KILGORE

Mrs. Carrie Payne Kilgore has filed suit against James E. English, Mrs. James E. English, trustee for James E. English, Jr., and James E. English, Jr., for \$5,267.50 alleged due on a note executed January 18, 1906. An attachment is asked on the property of English, and the court is asked to adjudge that the property in the Fountain park addition purchased in September be applied to the debt of English. It is alleged that James E. English paid for the property with his money and that it was deeded to Mrs. James E. English, trustee for James E. English, Jr. The original amount of the note was \$4,300 with \$30 interest a month.

WINCHESTER

SUFFERS THE THIRD BIG FIRE
LOSS IN TWO MONTHS.

Lexington, Ky., Oct. 12.—Fire early this morning, which almost wiped out the business district of Winchester, was the third disastrous conflagration there in the past two months. The postoffice and Court View hotel were destroyed by the others. The latest estimate places the loss between fifty and sixty thousand dollars, partly insured.

GAS SHORTAGE HITS MANY TOWNS

KANSAS CITY, ST. JOSEPH AND
OTHERS SUFFER.

WHEN A COAL SHORTAGE DEVELOPS ALSO TODAY.

Kansas City, Oct. 12.—Nine-tenths of the people here use natural gas. The supply gave out this morning before breakfast was half cooked. The demand for coal that followed that swamped the local dealers who are unable to fill half the orders received. Gas is piped from the southern Kansas field. Other cities in the vicinity, St. Joseph, Leavenworth, Topeka, Atchison and Lawrence get a supply from the same field, and all suffered a like inconvenience. The shortage of supply at the wells is not due to lack of supply, but the unpreparedness of the company to pump a sufficient quantity for the unexpected demand.

Suits Filed in Circuit Court.

MR. T. J. ATKINS IS REPORTED BETTER TODAY

Mr. T. J. Atkins, of 319 North Sixth street, was reported better this afternoon at 3 o'clock. Owing to his precarious condition since Saturday word was sent to his son, Mr. Ed L. Atkins, at Enid, Okla., who arrived this morning accompanied by his wife and two little daughters, Grace and Elmonia. They will remain at his bedside.

DIAZ STARTS TO MEET TAFT

LEFT MEXICO CITY FOR EL PASO
LAST NIGHT.

WILL TRAVEL LEISURELY AND
VISIT CHIHUAHUA TWO DAYS.

Mexico City, Oct. 12.—President Diaz left the capitol last evening at 8 o'clock on the presidential train. He will proceed to Chihuahua, where he will be entertained for two days. From that city he will go to El Paso, to meet President Taft. A salute of 21 guns and all the military honors of his rank were accorded the president as his train pulled out. A pilot train preceded the presidential special. President Diaz was accompanied by his staff and the minister of war and marine. Precautions have been taken to guard the party along the way. Secret service men have been busy for weeks in Juarez. Many anarchists plots have been rumored since the building of the great banquet house at Juarez. Although there is much uneasiness the people are jubilant over the forthcoming visit of the chief executives. It is the first time Diaz ever left Mexico.

FISCAL COURT HAS HELD NO MEETING THIS MONTH

The October session of the fiscal court has not been held this month despite the fact that the court has been meeting on the first Tuesday of every month. Last Tuesday was the day for the meeting, but it was registration day so the magistrates did not meet. Judge Lightfoot, who presides over the meetings, this morning said that he did not know when the court would meet, and County Attorney Alben W. Barkley said he did not know the date of the next meeting.

Mr. T. D. Fooks returned this morning from Duketown, Tenn., where he and Mrs. D. W. Fooks were called to the bedside of the Rev. D. W. Fooks, who is ill with typhoid fever. His condition is improving and it is expected to bring him home in about ten days. The Rev. Mr. Fooks was leading a revival at Duketown, when he was taken ill with a congestive chill, and his illness has developed into a light form of typhoid fever.

EVERYTHING READY

FOR THE U. D. C. ANNUAL STATE
MEETING AT HOPTOWN.

Hopkinsville, Oct. 12.—Everything is in readiness for the thirteenth annual meeting of the United Daughters of the Confederacy for the state of Kentucky, which will be held here on Wednesday and Thursday of this week.

The delegates began to arrive on the early trains today and from now on until Wednesday morning they are expected to come in constantly increasing numbers. Already there are more than a hundred who have sent in their credentials and asked for entertainment and many more are expected above this number. So general has been the response to the request for entertainment for the delegates that the committee in charge of this part of the work are able to take care of all who come.

The Louisville and Paducah delegations will arrive over the Illinois Central this afternoon at 6:35 o'clock. The delegates from the eastern and central portions of the state will meet in Louisville and as the railroad company has offered a special car for their use should there be enough to justify such a move, it is probable that they will make the trip so provided for.

REV. T. C. GEBAUER WILL ARRIVE IN CITY TODAY.

The Rev. T. C. Gebauer, field secretary of the Kentucky Sunday School association, arrived in the city this morning and will deliver an address at the convention of the McCracken County Sunday School association tomorrow at Lone Oak. Tonight he will address a meeting of Sunday school workers of the city at the Kentucky Avenue Presbyterian church at 7:30 o'clock. Everybody is invited and especially the delegates from the city to the county convention tomorrow.

WILL PRODUCE HIS PROOF

HAZELIP SAYS HE WILL SUPPLY
AN AFFIDAVIT.

SHOWING STATEMENT HE MADE
TRUE IN DUE TIME.

Two well known Democrats have known of the statement credited to J. T. Oliphant, president of the Vincennes Bridge company, since the remark made last August, long before it was thought of as a jolt for the Democrats in the campaign. The gentleman who says Mr. Oliphant made the statement to him on August 4, repeated it to two Democrats, and today one of them was seen by a Sun reporter. He said that he remembered well the statement that was made, and last Sunday looked up his records to find what date it was used. On the same day a payment was made to him by Mr. Oliphant and the gentleman who made the statement and by the entry on his books he could tell the date the statement was said to have been made.

In his campaign Mr. Hazelip has been careful to examine the records of the gang carefully, and carries copies of some of the deals with him. He has been extremely careful in his statements, and says he has the proof to back up every assertion he has made. "I shall furnish that affidavit the News-Democrat asks for all right just as soon as my informant comes back to Paducah. He has been absent this week but will be home in day or so," said Mr. Hazelip today. "I have very good reasons for not divulging it just yet. Just wait," he continued.

SUPREME COURT MEETING.

Justices Moody and Peckham Absent
on Account of Illness.

Washington, Oct. 12.—Although Justices Moody and Peckham, of the supreme court, were in too poor health to appear today, the opening of the winter term was marked by the presence of that veteran jurist, John M. Harlan, of Kentucky. He looked younger than most of the associates, despite his nearly four score years.

THE FIGHT TO ABOLISH THE HOUSE OF LORDS

Will Start This Week With the
Dissolution Parliament
Sessions.

London Expects Divisions to
Come This Month.

CHIEFS HOLD CONSULTATIONS

London, Oct. 12.—That the dissolution of parliament this week marks the opening of the fight for the abolition of the house of lords is believed to be probable today by leading politicians. Lords Lansdowne, Balfour Premier Asquith have been in conference in quick succession this morning, and it is believed divisions will come up before the end of the week.

JOINT COOK INVESTIGATION.

Geographic Society Will Join With
Other Organizations.

Washington, Oct. 12.—The National Geographic society, in response to a proposal from the Peary Arctic club, adopted a resolution agreeing to join the American Geographic society and the American Museum of Natural History in requesting Dr. Ira Remsen, president of the National Academy of Sciences, to appoint a commission to examine a report on the records, observations and data of Commander Robert E. Peary and Dr. Frederick A. Cook.

WRIGHT SETS NEW RECORD TURN IN AEROPLANE.

College Park, Md., Oct. 12.—In an experimental flight yesterday, Wilbur Wright established a new record for making a circle, making a complete turn in seventeen and three-fifths seconds. The diameter of the circle was approximately 250 feet.

While Wright has made sharper turns, the complete circle made by Wilbur this morning was probably the smallest ever made by a flying machine. Wright estimated that the best previous time making a circle was one minute. Wright made a flight today in a drizzling rain. The weather prevented further flights.

HE DIDN'T KNOW HIS INTENDED WIFE'S NAME.

Without the knowledge of the Christian name of his fiancée, Owen Bunting, an old colored man, who gave his age as 45 years, appeared at the county clerk's office yesterday afternoon and wanted a marriage license. When asked for the bride's first name he mumbled a minute and then another old negro with him came to the front and gave her name as Phronia Kelley, 41 years old.

The old negro smiled and then said: "I never calls her by any other name than Missus Kelley and my sweetheart an' I never thought of gitting her first name."

ENTHUSIASTIC CONVERT STARTS PANIC IN CHURCH

Overturns Lamp, and Fire Threatens
to Consume Building.

Evansville, Ind., Oct. 12.—At a west side mission last night, during a revival, a panic was caused by a young convert who leaped high into the air, waved his hands frantically and knocked down a suspended lamp. Women and children rushed screaming to the door. The room was filled with flames and smoke in an instant, but, owing to the cool-headedness of the Rev. Dr. White, the pastor, the fire was put out and no one was seriously injured.

CLEVELAND COLEY SHOT IN A ROW IN TYLER.

Cleveland Coley, aged 23 years, a cooper employed at the Paducah Cooperage plant in Mechanicsburg, residing on Bridge street in Tyler, was shot in the right arm at 6:30 o'clock last night in front of his home, but is not seriously injured. The shooting is alleged to have been done by Ben Span, a horse trader, who has skipped out.

The trouble is said to have arisen from an old grudge between the two men. It is said that both had been drinking and after a quarrel in the road Span drew his pistol and fired. Two shots are said to have been fired, only one taking effect. An ugly wound was inflicted. Dr. W. R. Washburn was called and attended Coley, but has failed to extract the bullet.

Coley has a wife and two children and is said to be a peaceable citizen. Different rumors have been heard laying the blame on Span; who fled last night and could not be found today.

Livestock.

Louisville, Oct. 12.—Cattle—The receipts of cattle were 4,113 head. There was a very good attendance of buyers on the yards, both local and foreign, but the trade was rather slow from start to finish. Strictly choice finished butcher cattle were about steady, but all medium and inferior kinds were dull and draggy and mostly 10@15c lower than a week ago; there was a good demand for high-grade feeders and high class stock cattle, the "top notchers," selling about steady; medium, plain and common grades were slow sale and easily 10@15c lower than a week ago. Bulls were steady; canners dull and lower. Milch cows unchanged. The feeling was about steady on prime heavy shipping cattle; medium and light shipping steers were slow to a shade lower. The pens were not entirely cleared and the market closed dull.

Calves—Receipts 229 head. Choice calves were firm and higher, the best 7½@8c, but medium and common calves were extremely dull and lower, medium 5@6c, common 2½@4½c.

Hogs—Receipts 3,419 head. The market opened firm and 10c higher on choice corn-fed hogs, selected 165 pounds and up, selling at \$7.60@7.70; lights, 130 to 165 pounds \$7.15.

PITTSBURG WON

THE THIRD GAME

WEATHER CONDITIONS AT DETROIT WERE FRIGHTFUL.

Wagner Was Star Player but Bush and Deleahanty Made Excellent Showings.

THE GAME WAS A BATTLE

Detroit, Oct. 12.—Pittsburg defeated Detroit, 8 to 6, in one of the most spectacular and fiercely contested games ever played in the world's championship series. This gives Pittsburg a margin of two games to one. Detroit, however, showed in the final innings that it is far from hopelessly beaten. The weather conditions were frightful. Rain fell frequently during the game several times in hard showers.

Despite the wretched weather the attendance was 18,277, and broke all local records for the two world's series here.

Five in the First.

Pittsburg jumped into the lead by scoring five runs in the first inning. They batted Summers out of the box aided by some poor fielding. Another run in the second inning made the game look safe for the visitors. Detroit, however, made one of the greatest rallies ever seen, scoring four runs in the seventh inning, beating Maddox hard, and playing like fiends.

Pittsburg connected with some of Work's curves in the ninth inning for two runs. With the score 8 to 4 against it, the Detroit team even then did not realize that it was beaten, and smashed out two more runs in the last inning. Had Crawford been able to hit up to his usual mark the result would have been different.

Detroit outbatted Pittsburg by a margin of one run, getting 12 to the inner's 11. Summers started to pitch for the locals but was removed before the end of the first inning. Willett succeeded him, and did well until he was taken out to allow McIntyre to bat for him in the seventh. McIntyre struck out. Works, who then went in was lucky in the eighth after Abstein made a two-base hit with but one out. The next two were easy outs. In the ninth Pittsburg landed on him for three hits that clinched the game for them. Had Jennings sent in a more experienced pitcher in such a situation he might have secured at least a tie.

Maddox was on the rubber for Pittsburg, and was hit hard in the closing innings, although Detroit could do nothing with him in the early sessions. When the American leaguers did start to hit him, they landed hard and often, but Manager Clarke left Maddox in because of the lead his team had.

Wagner Was Star.

Wagner was the star of the game but he was forced to share some of the honors with Owen Bush and Deleahanty, of the locals. Wagner made four hits and stole four bases, although Catcher Schmidt was not to blame for at least one of these thefts.

Besides his hitting and base running, Wagner beat out a hit to Bush stole second and went to third on Schmidt's abd throw to second. He then scored on a wild pitch. In the second he reached first on a fielder's choice and on a double steal went to third while Leach was stealing home. In the fifth he singled just out of Tom Jones' reach and stole second. Wagner singled to left in the seventh but was caught trying to steal second. Schmidt to Bush. In the ninth he again singled and stole second, while Leach was on third waiting to score. Schmidt did not throw to catch Wagner this time, however, until he ascertained that Leach would not try to score.

Bush and Deleahanty were bright spots in the Detroiters in batting while Cobb and Crawford made great catches. Bush made four hits in five times at bat. Two of them played an important part in the scoring. Deleahanty was there with two two-baggers and a single in five times at bat. His third hit, a double in the seventh, started the rally.

While Crawford starred in the field his work at the bat was feeble and he missed two excellent chances to swing the tide of victory toward Detroit. He ended the rally in the seventh inning by a puny pop fly to Abstein with two men on bases. In the ninth he again had a chance, with Cobb on second, but his best was a feeble bouncer to Wagner.

Cobb made a two-bagger and a single that were important factors in Detroit's rally. His single in the seventh scored one run, and his double in the ninth sent in two more.

The ground rules brought about a long conference between Umpires O'Loughlin and Johnstone and members of the national commission, and an innovation was made by sending Umpire Klem, who was not scheduled to work today, out along the right field foul line to watch hits into the crowd and act in an advisory capacity to the other two umpires.

How the First Went.

The first inning was a weird spectacle for the local enthusiasts. When it was over hope was nearly dead for the Detroit victory. Byrne beat out a hit along third base line, and went to third when Leach singled to center. Clarke sent a grounder to Summers. Byrne was caught between third and home, Summers to Moriarty to Schmidt to Bush. Leach went to third and Clarke to second during

Sluggish Blood

causes nine-tenths of all sickness. Indigestion followed by headache, general listlessness, dependency, enfeebled action of the mind and body, cold, clammy feet and hands and paleness are sure signs of poor circulation. the chase. Wagner's hit was too hot for Bush and it rolled to left field while Leach and Clarke scored. Wagner stole second, went to third on Schmidt's abd throw to second and scored on a wild pitch. Miller drew a base on balls and Abstein singled to center. Miller scoring when Crawford made a bad throw to third. Abstein moved to third on the same error. Willett went in to pitch. Wilson shot a single to center and scored. Abstein, Gibson and Maddox finished the inning with easy outs.

Pittsburg scored another run in the second. With one out, Willett hit Leach on the hand and Clarke on the knee. Wagner forced Clarke out at second. Bush to Deleahanty, and Leach moved to third. On a double steal Leach scored and Wagner went to third. Miller ended the inning with a pop fly to Deleahanty.

Detroit was practically helpless before Maddox until the seventh when a rally netted four runs. Deleahanty to center and Moriarty was safe when Miller fumbled his grounder. Deleahanty going to third. Tom Jones singled to right, scoring Deleahanty and putting Moriarty on second. Schmidt fouled to Byrne and McIntyre, who batted for Willett, struck out. D. Jones beat out a bunt along third base line filling the bases. Bush singled just beyond reach of Wagner and Moriarty and Tom Jones scored. Cobb singled to second scoring D. Jones, but Crawford ended the inning with a fly to Abstein.

Each team scored two runs in the ninth. For Pittsburg, Maddox struck out as a starter, but Byrne singled to center. Leach put a two-bagger into the left field crowd, and Byrne went to third. Cobb then made a great catch of Clarke's fly, and Byrne beat the throw to the plate. Wagner's single to right scoring Leach, and another star catch by Cobb of Miller's long fly ended the inning.

Detroit made a game effort to tie the score in the ninth. Mullin batted for Works to start the ninth and struck out. The Detroit hopes started to rise when Abstein dropped Wagner's brilliant assist on D. Jones' grounder. Bush beat out a hit to double. Cobb and both scored when Cobb doubled to the right field overfow.

Crawford was easy, however, Wagner to Abstein and Clarke made a star catch of Deleahanty's short fly.

The receipts today were \$20,676 divided as follows: National commission, \$2,067.60; players, \$11,165.91; two clubs \$7,443.36.

BURGLAR BUSY

IN THE DAYTIME

BREAKS INTO RESIDENCE OF W. C. GRAY MONDAY.

He Ransacked the Whole House but Nothing Valuable Has Been Found Missing.

NO CLUE TO HIS IDENTITY

The residence of W. C. Gray, 515 Madison street was entered yesterday afternoon between 3 and 4 o'clock by a bold thief, who ransacked the drawers and closets and escaped unseen by any of the neighbors. The discovery was made by Mrs. Gray at 4 o'clock when she returned home from attending a church society. An investigation showed that the thief had effected entrance through the kitchen door by breaking the door lock. The interior of the house was turned topsy turvy but no valuables were missed by Mrs. Gray. The thief was evidently bent on finding money. No clue as to his identity has been secured by the police.

She Was Pleasantly Surprised.

Miss H. E. Bell, Wausau, Wis. writes: "Before I commenced to take Foley's Kidney Pills I had severe pains in my back, could not sleep and was greatly troubled with headache. The first few doses of Foley's Kidney Pills gave me relief, and two bottles cured me. The quick results surprised me and I can honestly recommend them. Gilbert's Drug store."

BASEBALL

Wagner World's Best Player Says Cobb.

Tyrus Cobb, the wonderful Detroit player who has been touted as the only possible rival of Hans Wagner in baseball, has taken Pittsburg by storm. Shortly after his arrival Cobb, in an interview, declared that the greatest living ball player was Hans Wagner, but that he himself hoped to be as great some day.

This tribute to Wagner by the king player of the rival league has made the city Cobb's own. In part Cobb said: "While I have never seen Hans Wagner in action, I have followed his game closely, and I am satisfied that he is the greatest living ball player. He cannot be otherwise, else he would have worn out with the public long before now. My hope is that I may one day be as great a player as Wagner and that I may have as firm a hold on the people of my own town and of my league as has this wonderful player."

Bush Is Toasted.

Pittsburg Pa., Oct. 12.—At break fast in the Colonial Annex Saturday morning the Tigers toasted "Owlie" Bush on the occasion of his twenty-first birthday. Few and far between are the shortstops 21 years of age in Bush's class.

Cobb outshone Hans Wagner in the second game by many degrees. The dashing Georgian hit the ball on the nose, and his base running was wonderful. In speed and determination together with baseball brains and a keen instinct for taking the right chance at the right time, he is the class of the country. His work on the bases was remarkable. His steal of home was one of the "cleverest things ever pulled off on any lot. Willets had just gone to the box, and was standing there preparing to deliver the ball, when Cobb came in like a gray streak. He had timed the play precisely right, and he took everyone on the field by surprise. It was pretty close at that, but he was safe far enough to prevent the Pirates from doing any kicking.

As a matter of fact, Pittsburg got only four hits. Hans Wagner, who was very nearly helpless at the bat was given one in the ninth by liberal scoring. He hit an ordinary grounder to Tom Jones, who is not much of a fielder, and who played the ball badly, allowing it to bounce off his shins. It was a poor kind of a hit but the official scorer gave the Flying Dutchman the benefit of whatever doubt there was. Donovan had an easy game after his team went to the front in the third. The Pirates had two or three chances to work one around, but they were so far behind that whenever a man got on they had to work for a big rally, and Wild Bill was able to block their efforts.

Mr. F. G. Fritz, Oneonta, N. Y. writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is mild, pleasant and effective, and cures habitual constipation. Gilbert's drug store.

News of Theatres

When Manager William A. Brady's press representative coined the phrase "the play that will live forever," which he makes free to use anent "Way Down East," which comes to The Kentucky Thursday night, many wise heads thought him to be a trifle premature, but he was not far wrong. The celebrated rural play has already seen twelve seasons, and that length of time in things theatrical brings a play to old age. But "Way Down East" is not even thought of as out-living its usefulness. It is in just as great demand as ever.

The company presenting this play is booked solid for three years to come, and even yet there are many large cities and towns throughout the country where the play has not been seen. Managers of the city theaters book the play again and again. Undoubtedly the majority of their patrons have seen the play, but there is a certain fascination that fetches them to the theaters for the second or even the third season. At The Kentucky Thursday, October 14.

One of the merriest musical comedies on the road will be at The Kentucky Wednesday evening when "Fluffy Ruffles" could win recognition as a comedy alone. The addition of clever lyrics and tuneful music makes a combination that ensures its being a favorite with theatergoers for several seasons to come.

If you like buck and wing dancing see Jack King and the Little Perry sisters in their fancy trick buck and wing dancing with "Kidnaped for a Million" company at The Kentucky matinee and night October 16.

Daily Thought.

In every part and corner of our
life, to lose one's self is to be a
gainer, to forget one's self is to be
happy.—Robert Louis Stevenson.

Paste this in your hat: There will
be another registration day Tuesday
the 20th.

One paragraph says even if
Cook did not beat Peary to the pole
he got to the box office first.

Today is the anniversary of the dis-
covery of this country of ours. Lucky
Columbus, he did not have his
Peary.

Peary's broadside against Cook is
to be given out tomorrow, and he
promises it will be a "scorcher".
What, from the north pole?

You "hubbies" who are cross with
your wives should read that excellent
sermon of Taff's delivered at Fresno
Sunday. There is something in it
for you.

The popular idea that the Indians
are decreasing in numbers is dis-
sipated by the official figures showing
that there are more than 200,000
red men in the country. This is an
increase in the last two decades of
40,000, and is attributed to the gov-
ernment's constant efforts to uplift
the Indian to the level of contem-
porary civilization.

GETTING TOGETHER.

The "Get Together" dinner at the
Palmer House tonight, of the Com-
mercial club, should bring out the
entire membership in that laudable
organization. It will bring in closer
touch all those who are active in the
different lines of endeavor, and
should make for the good of the city.
The keynote of the meeting tonight
will be the future destiny of Padu-
cah. There is no doubt that the
dawn of a new and greater era for
Paducah is at hand, and we must
"get together" to work. The aver-
age Paducah business man has always
stood ready at any time to contribute
of his time and money to the general
advancement of the city, and we
know there will be no laggards in
the ranks this time. Co-operation
will make Paducah a big town yet
and the dinner tonight is one of the
first steps in a great scheme of co-
operation the club has mapped out.

Every week, the reports from the
mercantile agencies show the great
improvement in business conditions
all over the country. The report of
the number of idle cars, which a year
ago showed 400,000 idle, the past
week gave only 10,000 idle.

From every large business center
throughout the country comes reports
of progressive improvement in trade.
In most instances the reports are
more than satisfactory; they speak
of a present and prospective increase
in activity that is indicative of a re-
turn to even more than normal con-
ditions. In some cases the volume
of trade is described as equal to, or
in excess of previous records. In the
iron and steel trade full productive
capacity appears to have been ap-

proached, and the outlook for 1910
is so bright that it is impossible to
give an account of it that does not
seem to break through the bounds of
conservative utterance. In the dry
goods trade, in spite of high prices
for raw products, the reports are of
a notable widening of activity. Even
the very poor report of the cotton
crop has not detracted materially
from the optimistic feeling, for the
money value of the crop will, in spite
of reduced yield, keep the south in
a fairly prosperous condition. Rail-
road earnings during September
were remarkable, aggregating 10.3
per cent, in excess of 1908 and 3.2
per cent, in excess of 1907, when
comparison is made with ante-panic
conditions.

The latest week's statistics for New
York show imports of \$17,916,518
against \$14,267,675 in 1908, and
\$13,862,666 in 1907; and exports of
\$11,887,437 against \$11,653,074 in
1908, and \$16,347,355 in 1907.

What went some people do to at-
tract attention, Elizabeth Magie, a
Chicago girl, of course, everything
"windy" finds inception there, two
years ago attracted notice by adver-
tising to sell herself as a slave. She
now comes forth with a declaration
in which she pictures the servitude
in which she says the American
masses are living today.

Here are some of the epigrams
from the young woman's remarkable
statement:

"It is hell—to have a superior edu-
cation and to have to work for it and
obey the commands of ignorance."

"To have a sensitive and refined
nature and have to be forever brush-
ing up against pigs."

"To have an ear for fine music and
have to be tortured by street organs."

"To know that you can do some
things better than other people and
never have had the opportunity to
prove it."

"To hitch your wagon to a star and
then have the darn star start off be-
fore you can get into the wagon."

"To long for a little home where
you can plant and tend a few flowers
and have to live in a little 8x10 hall
bed room."

"To hang onto a street car strap
with 17 bundles under your other
arm and see silver-harnessed bul-
ldogs riding in automobiles."

"To pray for an 'angel' and get a
devil."

"To crave the society of clean, cul-
tured people and have the janitor in
vite you to an amusement park."

"To love the best candy and never
have any."

"To have these everlasting 'don't
worry' and 'keep smiling' signs star-
ing you in the face when you don't
know where your next meal is com-
ing from."

SOME STORIES AROUND TOWN

Sawdust in the stall is better than
sawdust on the floor, according to
Capt. Jake Elliott, at No. 4 fire sta-
tion, Tenth and Jones streets. Since
the new concrete floor has been built
sawdust has been spread over the
floor as a method of hardening the
surface slowly and during the night
the horses slip out of their stalls and
walk around through the building un-
heard by the firemen. Several times
the firemen in the rear of the build-
ing have been compelled to run the
animals back into their stalls. Cap-
tain Elliott walked through the sta-
tion one night and to his surprise he
found the horses standing under the
harness ready to "go." Hereafter the
horses will be tied.

Three young men from the tall
timbers came to Paducah this morn-
ing with an idea that army life
would be just the thing for them
and applied at the local recruiting
station only to be rejected. One
was undesirable, the other failed to
have the consent of his guardian and
the third lacked weight by 20
pounds.

The last young man was being
vigorously questioned by Sergeant
Kresky when a reporter dropped in.
The countryman tipped the scales at
just 130 pounds but his height was
all right for he stood six feet. "My
young man," said Sergeant Kresky,
"you will have to fatten up before
the army will take you." The young
man began looking discouraged and
after glancing around the room he
made for the door.

"You get on some more flesh,"
said the sergeant as the unsuccess-
ful applicant was departing.
"I don't much believe I c-c-can,"
he drawled out, "but I-I-I'll t-try."

Sergeant Kresky has an idea that
anti-fat would be a good remedy.

STATE PRESS.

James C. Utterback.

The Kentucky Bankers' associa-
tion most appropriately chose James
C. Utterback as its president for the
next year. Mr. Utterback is cashier
of the City National bank of Padu-
cah, and is one of the ablest and
most popular bankers in the entire
state. His rise from the humblest
position in the City National to the
cashier's position, when yet a very
young man, was phenomenally rapid,
but the good judgment of the direc-
tory which thus promoted him has
been amply vindicated by the re-
markable growth and popularity of
that institution since he was put in
this position. He is not only a wise
and conservative banker, but has
been for years one of the most en-
terprising and progressive citizens of

Paducah and has done as much as
any citizen in promoting the gen-
eral welfare of that city. His leader-
ship is generally recognized as safe
and his counsels wise. A few more
Utterbacks would help a number of
Kentucky banks and build up several
cities.—Owensboro Messenger.

Senator Lindsey Joins Church.
Senator William Lindsey has exhib-
ited wonderful vitality under all the
circumstances and continued to im-
prove all Saturday morning, giving
much encouragement to his friends
and physicians. He insisted on see-
counts of his illness and sketches of
his career, and after reading them he
joked about it with those at his bed-
side. He said, "That's a pretty good
obituary but has lots of mistakes as
to dates."

He has never lost consciousness or
been delirious, showing that his men-
tal vitality is as strong as ever, but
he is very weak physically and un-
able to sit up in bed even. The phy-
sicians fear that his improvement to-
day is only the temporary increase
in vitality that usually presages the
final dissolution, for Judge Lindsey
is too old to have any permanent
physical rally.

Senator William Lindsey spent a
better night last night than was ex-
pected under the circumstances and
is somewhat improved, though the
physicians give no hope that the rally
will be a permanent one. Another
chill and sinking spell like the one
he had Friday morning will be fatal
to him in his present condition, so the
doctors say and all they can hope for
is to postpone such a thing as long
as possible.

Senator Lindsey is still conscious
and his mind is as clear as it ever
was, though he is extremely weak
physically. He announced to his
family yesterday afternoon that he
desired to join the Presbyterian
church before he died. His wish was
immediately complied with and all
steps necessary to make him a mem-
ber were taken, though Rev. J. R.
Ziegler, the pastor of the church was
not in the city.—Frankfort Capital.

HAZELIP CHARGES
NEGLECT OF DUTIES

[Continued from Page One.]

to show the voters by the records
that their taxes had been misap-
propriated when time was called. Mr.
Barkley made a rousing Democratic
speech, and the Democratic candi-
dates lead in the applause. Mr. Haz-
elip had the rejoinder of 15 minutes
but in that time did not take up the
issues.

In part Mr. Hazelip said: "Every-
body in the county ought to be in-
terested in the issues of this campaign.
I expect to confine myself to the re-
cords in the court house and other
places. I am not making any fight
on the Democratic party or any other
party and all I will have to say will
be about the 'machine' and 'gang'
that have been running the affairs
in McCracken county. This 'gang'
that has subsidized the Democratic
party for their own uses. The peo-
ple ought to have a change of admin-
istration and I believe that I can
show you from the records the evil
results of keeping this crowd in power.
I am saying that this crowd is
corrupt, and not that the Democratic
party has grown corrupt."

"This is your county and your gov-
ernment, and by your vote you can
say whether the present 'gang' shall
manipulate the county government
further. If you are satisfied with the
way your county business has been
carried on, vote for them again. If
you think that you have not been
treated right, it is your duty to vote
out the crowd."

"I believe, gentlemen, that the dis-
satisfaction abroad in the county is
but the breath and whisper of the
summer breeze as compared with the
tornado of rebuke that will come
back from the people when they
know all."

"One county officer stole for 12½
years, and while the report of Prof.
John D. Smith shows that he stole
\$16,000, yet he says that it might
be \$50,000. I contend that some-
body at some time and in some how
is responsible for not detecting this
theft. I say that the county officers
have not done their duty or this
thing could not have gone on with-
out somebody finding it out. Mr.
Barkley will say that he is not re-
sponsible for things that happened
before his election. I am not charg-
ing that he is, but if somebody had
been doing his duty while he was in
office this thing could not have hap-
pened."

Mr. Hazelip explained how the
revenue agent advertised the property
on which back taxes were due, and
how the receipts began to roll into
the revenue agent's hands, showing
the taxes had been paid. Then he
said that the revenue agent did his
duty, and brought suit in circuit
court to recover the money due the
state. Mr. Barkley's name was
placed with the suit as attorney for
the people, but his first action was to
try and have the suit dismissed, and
he made a settlement with the bond-
ing company in full for delinquent
taxes and for all shortages that may
be discovered. In his reply Mr.
Barkley denied that the settlement
covered anything but the delinquent
taxes, and he alleged the fiscal or
county court had not been notified of
the bringing of the suit in behalf of
the county, although Mr. Will Hus-
bands at Florence Station told Mr.
Barkley he had given fiscal court
verbal notice.

Mr. Hazelip said to appease public

Cuts the Fuel Bill in Half

For Soft Coal, Lignite or Hard Coal

You know fully one-half the carbon available for heat in soft coal is gas, the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal. The ordinary stove in burning soft coal allows this gas half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer.

Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why

Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Shows Stove Burning SOFT COAL

Your old stove and imitation Hot Blast are not air tight, do not save the escaping gases and do not give you a warm house at night. You cannot afford to pay to yourself "My old stove will have to do this winter." The old stove is eating up the price of a new stove every year. Not only that, but on top of the cost is the unsatisfactory result it gives. It is always out the coldest morning.

Even Heat Day and Night—Fire Never Out

Cole's Hot Blast is so perfect in construction that fire keeps all night, and when the draft is opened in the morning will burn two or three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at an even temperature all the time.

OUR GUARANTEE

- 1—We guarantee a saving of one-third in fuel over any lower draft stove of the same size, with soft coal or slack.
- 2—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same heating surface.
- 3—We guarantee that the rooms can be heated from one to two hours each morning, with the soft coal or hard coal put in the stove the evening before.
- 4—We guarantee that the stove will hold fire with soft coal 36 hours without attention.
- 5—We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
- 6—We guarantee every stove to remain absolutely air tight as long as used.
- 7—We guarantee the feed door to be smoke and dust proof.

The above guarantee is made with the understanding that the stove be operated according to directions, and set up with a good fuel.

For Hard Coal—Saves Half

The perfect control over the drafts, the slow economical combustion, and the large positive radiating surface make Cole's Original Hot Blast the most economical and the best Hard Coal stove made.

Cole's Hot Blast is the modern heater and will save its cost in fuel every winter. Buy one for your home now.

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheaply constructed, putty jointed, showy made imitation stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them.

They all lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight and soon open seams and cracks which render them worthless as fire keepers. See the name "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.

Remember we are the only dealers here selling Cole's Original Hot Blast—the name COLE'S on feed door

The Harmony Baptist church in the county has just closed a 10 days' revival with splendid success. The pastor, the Rev. J. R. Stewart, was assisted by the Rev. Wallace Weir of Alabama. Great interest was manifested throughout the services. There were 33 professions during the revival. Baptism was administered to 25 converts and there were 27 additions to the church.

A bicycle that had apparently been stolen and left by the thief was found at the rear of Fred Kreutzer's bakery, 206 Kentucky avenue, this morning by the proprietor. It has not been identified.

Two meetings that were scheduled for last night at the city hall were not held. Last night was the regular meeting night of the board of police and fire commissioners and after waiting for some time the city clerk gave up, as none of the members appeared. Aldermen Durrett and Stewart, on the ordinance committee, were the only members of that committee present and failure to get a quorum resulted in the meeting being called off.

To Make Their Home in the Philippines.

Mr. and Mrs. Frederick Anderson and children will leave tomorrow for the Philippine Islands where they go with a view to locating. They will go to California by way of New Orleans and will sail from San Francisco on October 20. At Manila they will visit Mr. Anderson's sister, Mrs. Edward Carroll, formerly Miss Laura Anderson, of Paducah. They will then go to Bontoc in the mountains where they will make their home. Dr. and Mrs. Thomas E. Moss reside here. Mrs. Moss was Miss Harriet Anderson, of this city.

Mr. and Mrs. Anderson are popular young people of this place, residing in the Arcadia section. Mr. Anderson is the oldest son of Mr. and Mrs. W. T. Anderson, Arcadia, and is a prominent young planter. Mrs. Anderson is the daughter of Mr. William Karnes, the well known contractor.

Mayfield Weddings of Interest Here.
Mr. and Mrs. L. W. Key have issued invitations to the marriage of their daughter, Miss Bessie Key, to Mr. George Covington on Wednesday evening at five-thirty o'clock, at the Methodist church.

Miss Key, who is the eldest daughter of Mr. and Mrs. L. W. Key, is of a pleasing personality and is a social favorite. Mr. Covington is the youngest son of the late Mr. and Mrs. T. G. Covington. He is the junior member of the drug firm of Evans & Covington, and is a genial and popular young business man. He is prominently related in Paducah. After a bridal trip to Chicago, they will be at home at the residence of Mrs. J. M. Gillam, on College street.

Invitations have been issued to the wedding of Miss Mary Wright to Mr. R. E. Brelsford on the evening of October 20, at 9 o'clock. The bride is the daughter of Mr. R. F. Wright, and has a large circle of friends. She has visited in Paducah the family of Mr. J. T. Wright, of North Fourth street, to whom she is related. Mr. Brelsford is the senior member of the Mayfield Photo company. He is the son of Mrs. E. E. Brelsford, who is well known in Paducah, and is a popular young man. The marriage will take place at the residence of Mr. R. F. Wright. They will have rooms in the building joining the studio.

Crescendo Club With Miss Newell.

Control Your Fat

One can now take off and keep off extra fat at will. If you have an over fat abdomen or double chin you can clear it away completely without a minute's bother, exercising or dieting. Take a teaspoonful after meals and at bedtime of this mixture: 1-2 oz. Marshmallow, 1-2 oz. Fluid Extract Cascara, 1-2 oz. Fluid Extract Senna, 1-2 oz. Water—any druggist has them—and go on eating as best pleases you; don't worry about results.
The double chin and ponderous stomach will soon show signs of melting away. They will not sag in or wrinkle, however; just go down nice and smooth and even. That effect is due to the harmless natural action of the mixture.
This is explained as follows: Blame overfatness to the stomach. It is getting lazy. Instead of making energy and muscle from your food, it is manufacturing fat. The above mixture corrects this defect and hence it makes you stronger and healthier at the same time it is taking off of you 12 to 16 ounces of useless fat a day. The reason it affects double chin, hips, etc., first is because the fat on them is softer and can't resist the remedy as long as that on the limbs. But eventually all the fat has to go if you keep up the treatment.

Music Committee of Woman's Club.
The Musical Department of the Woman's club will meet Wednesday afternoon at 3 o'clock at the club building. The members are requested to be prompt, as Miss Newell, chairman of the department, will have to meet another engagement at 4 o'clock.

Delphic Club.

The Delphic club met at the Delphic room in the Carnegie Library at 10 a. m. The program for the morning discussion was an interesting one and was cleverly featured as follows:

1. Barbarians of the Baltic—Saxon Heptarchy. Egbert to 871—Mrs. Elizabeth Austin.
2. Legends of King Arthur—Beowulf—Mrs. E. G. Boone.
3. Conversion of England, Scotland and Ireland—Mrs. Mildred F. Davis.
4. Alfred the Great, His Place in History and Literature—Mrs. George Flournoy.

Parkin-McCarthy.

A pretty home wedding was that of Miss Jessie Maud Parkin and Mr. William Scott McCarthy this morning at 8:15 o'clock at the home of the bride's mother, Mrs. Sarah Parkin, 147 Farley Place.

The house was attractively decorated for the occasion. A limited number of relatives and intimate friends of the young couple witnessed the ceremony. The Rev. M. E. Dodd, pastor of the First Baptist church, was the officiating minister. Miss Edna Jones played the Mendelssohn wedding march.

The bride wore a becoming coat suit of Copenhagen blue with hat to harmonize. She carried Bride Roses. There were no attendants.

Punch was served in the dining room where a color-scheme of pink and green was effectively emphasized by pink carnations, ferns and smilax. Miss Jessie Farley and Miss Edna Kanady presided at the punch bowl.

Mr. and Mrs. McCarthy left at 9:30 o'clock for Chicago and other cities. They will be at home at 147 Farley Place on their return.

Philanthropic Department Invites New Members.

The Philanthropic Department of the Woman's club will have its first meeting for the season tomorrow morning at 10 o'clock at the club building. Mrs. Charles Kiger is chairman and wants to meet not only all of the present members of this department, but extends a cordial invitation to any and all of the club members to affiliate with this committee. The Philanthropic department calls for a different line of work from any other in the club and should include a large part of the membership. It is necessary that the committee should be a large one and it is hoped that many new members will enroll in it.

Mrs. Nora C. Goodwin, who has been for several years in San Diego, Cal., arrived in Paducah last night and will make her home with her daughter, Mrs. King Brooks, 2220 Jefferson street. Mrs. Goodwin formerly lived in Paducah and has many friends here to welcome her return.

Mrs. R. M. Isler returned to Hickman Sunday after visiting her sister Mrs. James Koger.

Dr. and Mrs. J. T. Gilbert left today for Adairville to visit Dr. Gilbert's mother. They will return Friday.

Miss Sara Rogers returned this morning from a three weeks' visit in St. Louis.

Councilman Fred Kreutzer is able to be out after being confined at his home with rheumatism.

Mr. George B. Lyne, a well known druggist, formerly of Paducah but now established at Crab Orchard, Ky., with his brother, Thomas Lyne, arrived in Paducah last night and left this morning for Mayfield as a delegate to the grand lodge of Odd Fellows from his town. While stopping over at Paducah he met many of his old friends. Mr. Lyne with his brother were engaged in the drug business here under the name of Lyne Bros., but eight years ago removed to Crab Orchard. Mr. Lyne is a prominent citizen of that place and a member of the board of councilmen.

Mr. Joarman Wilkerson will leave this evening for El Paso, Tex., for a several days' visit.

Mr. Louis Petter has returned from a business trip through Central Kentucky.

Mrs. Charles Callahan and daughter have returned from the Centennial in St. Louis.

IN BED AND OUT

After Taking Cardui, the Woman's Tonic, Mrs. Mills, of Uvalde, Says She Feels Like a New Person.

Uvalde, Tex.—"I was in bed and out," writes Mrs. Thos. G. Mills, of this town, "and could not do any of my housework. I have taken three bottles of Cardui, the woman's tonic and am now able to do it myself and feel like a new person."

"I am so thankful for our advice and always keep Cardui in my house."

You should certainly waste no time in getting a bottle of Cardui if you feel that you need a tonic.

No one can know so well as you whether you need one or not. If you feel weak, tired, languid, lazy, unable to work or take an interest in the things and people around you; if you are cross, irritable, easily vexed, feel like crying over trifles, and in general what folks call 'out of sorts,' you need a tonic—you need Cardui the woman's tonic.

You need not be afraid to take Cardui freely and regularly, for as long a time as you feel it helps you it is perfectly harmless, contains no drugs to form a habit, and can do you nothing but good.

While Cardui is a medicine, it is a mild medicine, not a powerful dangerous drug compound, that may exert possible dangerous after-effects. No, its mild, beneficial action is perfectly safe, and does not interfere with any other medicine you may be taking, but its tonic action will help any other good medicine to do you more good.

Try Cardui today.

Mrs. George Bartholomew, 416 Harahan boulevard, has recovered from an attack of malaria.

NEWS OF COURTS

In Police Court.
Breach of peace—Jim Merryweather, fined \$10; Susie Fields, dismissed; Annie Miller, fined \$5; Henry Robertson, fined \$20. Drunkenness—Luther Sawyer, fined \$1 and costs.

In Circuit Court.
Advice was given to some of the attorneys this morning by Judge William Reed that they needed a little more studying of law. The suggestion was made when Judge Reed was considering some divorce suits in which the requirements of the law had not been fulfilled, and he announced he was tired of lawyers "shooting" in suits not prepared properly, and said he would reject a few, and put the lawyers to studying and "rubbing" up.

J. E. Poever, V. J. Harris and John Craig were appointed jury commissioners.

In the case of the commonwealth against Hiram Smedley and his bondsmen for \$418 alleged due for state licenses Judge Reed sustained a demurrer of the plaintiff. A day was given for the defendant to file an amendment. Judge Reed said he saw no reason why he should not grant the 20 per cent penalty too.

Motion will be made tomorrow for a reduction of bail in the case of Charles Grosshart, Bob Wilhaite and Will Martin, charged with grand larceny. The case was continued by the commonwealth until the next term.

The bail of Rube Wilkerson, charged with grand larceny, was reduced to \$200, and B. T. Wilkerson, H. H. Pullen, Susie Wilkerson and C. B. Crossland went on his bail.

COMMERCIAL CLUB

DINES TONIGHT

FIRST OF ITS SERIES OF GET TOGETHER DINNERS.

The Commercial club will give the first of its get together dinners at The Palmer at 6:30 this evening. There has been no special program arranged, but the plans of the club and matters of interest to the city and the organization will be discussed.

The Waterways Delegates.
Delegates from Paducah to the convention of the Ohio Valley Improvement association, which meets in Cincinnati Thursday and Friday, accompanied by Mayor Parsons, of Cairo, and a delegation from that city, will leave Paducah tomorrow morning at 11:25 o'clock. At Louisville they will be joined by more delegates and proceed direct to Cincinnati.

Mayor Parsons, of Cairo, and other delegates will reach Paducah tomorrow morning at 7:40 o'clock. They will be met at Eleventh street and Broadway by a special committee of the Commercial club, composed of Mayor James P. Smith, President Earl Palmer, Secretary Saunders A. Fowler, James C. Utterback and H. A. Petter, and conveyed to the Palmer House in automobiles. Following their arrival there they will be guests of the Commercial club at breakfast. At 11 o'clock they will leave the hotel for Union station, boarding the 11:20 train from Memphis and arriving at Louisville late in the afternoon. The delegation from Paducah will be composed of S. A. Fowler, Major J. H. Ashcraft and H. A. Petter, of the Commercial club, and C. S. Bookwalter, of the West Kentucky Coal company.

It will be the fifteenth annual convention of the association and the meetings will be held at the Sinton hotel in the Convention hall. J. Frank Tilley will show his famous lock and dam pictures and talk on "The Improvement, Past, Present and Prospective of the Ohio River." Governor Willson and Congressman Swager Sherley and A. O. Stanley, of Kentucky, will be among the delegates. Governors and congressmen from other states will be in attendance.

Col. John L. Vance, president of the association, visited Paducah several weeks ago and addressed the members of the Commercial club at the Palmer House. He was enthusiastically received and made a splendid talk concerning the improvement of the Ohio valley and a fine stone stage from Pittsburg to Cairo. Colonel Vance is devoting all of his time and efforts to make the Ohio river a deep waterway by the construction of locks and dams. The association has promised to spend over a million dollars for improvements in the lower Ohio next year and they should border upon Paducah. Liberal subscriptions have been given by towns bordering the Ohio.

Following will be the menu tonight:

Cream of Chicken
Olives
Celery
Radishes
Sweet Bread patties toulouse
Green Peas
Sugar Corn
Julienne Potatoes
Stuffed Apple ala Palmer
Arctic Ice
Fancy Cake
Cream Cheese Wafers

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is to soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid, and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S.S.S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S.S.S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

TAFT PREACHES ANOTHER SERMON

DWELLS UPON IMPORTANCE OF LITTLE THINGS IN LIFE.

And Says It's the Little Things That Make For Unhappiness and Happiness.

A WORD FOR THE HUSBANDS

Fresno, Cal., Oct. 12.—Bringing into the 90 degree temperature of the San Joaquin valley a breath of the cool, fresh atmosphere of the snow-capped Sierras, President Taft signaled his return to somewhere near sea level by preaching another Sunday sermon.

This Sabbath day discourse, the third of the president's trip, was addressed to a gathering of many thousands in the court house square. Mr. Taft seemed to enjoy preaching as much as the crowd did listening, and that his auditors were more than pleased was attested by the close attention given throughout the president's address.

His text, quoted from memory, was: "He who conquereth himself is greater than he who taketh a city," and from it the president drew the lesson that popular government must always be a failure unless it is based upon sound common sense and the self-restraint that goes to make the good loser. He drew an analogy between the American people in this respect and those peoples who in their attempts at self-government follow an election with a revolution.

Can't Keep From Preaching. "Until I began this trip it had not been my part in religious exercises to do other than form one of the audience, but I have found it impossible under the urgency of the ministers of the gospel, who occasionally desire a lay substitute, to keep from taking their place and attempting to preach a sermon," he began.

"I want to say with respect to this audience that the presence of the veterans of the civil war always is a great inspiration to higher thoughts, to higher moral standards, and to everything that goes to make our country worth living for.

"There is a text—I don't know that I can quote it exactly, but to these gentlemen before me who have taken part in the battles of the war it will come, by reason of its comparison, with great significance: 'He that conquereth himself is greater than he who taketh a city.'

"Now, the homely application to the individual of that text I need hardly to point.

"There are so many instances in little things. I like to dwell upon the importance of little things in life, for life is not made up of one great series of grand stand plays. It is made up of the little things that go either to make others happy or to make them unhappy.

"It is the conduct of the husband, as he comes home from a tired day, in restraining himself when he is met by his eager, curious wife who wishes to know how he has been living during the day and what has happened. Perhaps something has happened that does not please him or that he does not like to refer to, and he cuts her off with a short answer. O, I know it, and so do you. You have done it. So have I. Now it is the overcoming of that disposition, the keeping constantly in your minds and heart her happiness, and yet your comfort and your disposition. That is what makes you greater than taking a city.

"But I am supposed to look at things from a political and governmental standpoint and the text applies to me more strongly in that regard, possibly, than in any other, because of some acute experiences I have had in political matters.

"Popular government we all approve of, though some times I don't think we know exactly why we do approve of it. I think we mistake frequently ends for means. We talk about liberty as something to be accomplished as an end. We think of popular government as something to be accomplished as an end. Well, neither is true.

"Liberty is a means in the pursuit of happiness. Popular government we have because we believe in the long run that it is the best government, that it is the government that makes most men happy."

ECZEMA READILY CURED BY A SIMPLE HOME TREATMENT

A simple clean remedy that can be used in the home is what every person desires who is suffering from eczema. You can now have that remedy and get instant relief, and be cured permanently by ZEMO, a clean vegetable liquid for external use. ZEMO cures skin diseases by drawing the germs and their poisons, that cause the disease, to the surface of the skin and destroying them, leaving the skin clean and healthy. Mr. W. J. Gilbert, the druggist, will give you a booklet and a sample bottle of ZEMO and will explain to you how a great many cases of eczema and other forms of skin diseases have been cured by this simple home treatment.

ITCHING SEEMED TO BE INCURABLE

Terrible Red Patches on Face and Arms Made Victim Ashamed to be Seen—Suffered Intensely for Ten Months—Expert Treatment Gave No Relief—Two Sets of the CUTICURA REMEDIES ENTIRELY CURED HER

"About two years ago I contracted eczema and suffered intensely for about ten months. At times I thought I would scratch myself to pieces. My face and arms were covered with large red patches, so that I was ashamed to go out. I was advised to go to a doctor who was a specialist in skin diseases, but I received very little relief. I tried every known remedy, with the same results. I thought I would never get better until a friend of mine told me to try the Cuticura Remedies. So I tried them as the last resource, and I am very glad that I did, for after four or five applications of Cuticura Ointment I was relieved of my unbearable itching. I used two sets of the Cuticura Remedies (Soap, Ointment and Pills), and I am completely cured. I always recommend Cuticura to any one that is suffering in every case it seems to cure. ANOTHER STORY TO SEELBACH HOTEL.

Roof Garden Will Be Utilized to Make Additional Rooming Space.

Louisville, Oct. 12.—An additional story will be added to The Seelbach, thus doing away with the roof garden, and giving the hotel more valuable rooming space. The roof garden, or tenth floor, is to be remodeled during the winter and will be ready for occupancy in the early spring.

The roof garden has not been the success that Louis and Otto Seelbach expected it to be. Since the opening four years ago it has been operated almost at a loss. The plans are now in the hands of the architects and the work of building another story will be begun at once.

BANQUETS ALL THE WAY DOWN

Taft Will Continue to Be Dined as He Steams the Mississippi.

New Orleans, Oct. 12.—Taft will not escape banquets even while he is en route down the Mississippi, according to W. E. Saunders, of St. Louis, secretary of the Lakes to the Gulf Deep Waterway association, and representative of the New Orleans Progressive Union.

The president will leave St. Louis aboard the Oleaner on October 25, other boats strung behind. The first night he will be requested to board the boat bearing 25 governors and be their guest of honor at a banquet. The next night he will be allowed to rest, but the third night the boat bearing a hundred senators and congressmen will signal the Oleaner to send the president aboard their steamer to attend a banquet.

It was announced that Governor Pinchot will address the waterway convention, in addition to Taft and Secretary Dickinson.

FIGHT OVER WILL

OF JOHN C. LATHAM BEGINS IN NEW YORK.

Widow Applies for Temporary Administrator—Estate Estimated to Be Worth \$600,000.

New York, Oct. 12.—The fight over the will of John C. Latham, the stock exchange broker, who left over \$150,000 to his native town of Hopkinsville, Ky., came before Surrogate Cohan on the application of the widow, Mrs. Elsie Gaylord Latham, both individually and as guardian for her daughter, for the appointment of a temporary administrator of the estate, which is worth \$600,000.

Counsel for the executors named in Mr. Latham's will appeared and said they would not oppose the appointment of a temporary administrator, said that the estate amounted to \$125,000 in stocks and bonds; stock exchange seat valued at \$80,000; cotton exchange seat valued at \$10,000, and the good will of the firm of Latham & Alexander, estimated to be worth \$481,000. He declared he understood that now is a good time to sell exchange seats and that the appointment of an administrator is made necessary further because many checks are still being received by the firm made out to the decedent.

John Thomas Smith, counsel for Mrs. Latham, said that she charges that Harry Allen, brother-in-law of Mr. Latham, and one of the executors, had used undue influence to procure the execution of the will and that Charles Fraser, a partner of the firm, and also an executor, refused to consider the sale of the exchange seats until a temporary administrator was appointed.

The lawyer charged that Allen, who gets \$5,000 a year salary, has obtained a list of all the firm's customers in the cotton business and is asking for their trade through another firm. He wanted to know if it couldn't be stopped. He asked Mr. Fraser to compel Mr. Allen to quit, but got no satisfaction. He said that William T. Bristow, a lawyer, who is a third executor, owes the firm \$7,000. He said he didn't want to convey any imputation to Mr. Bristow and suggested that Mrs. Latham and Mr. Bristow be named as temporary administrators. Counsel for the executors objected to the naming of Mrs. Latham because she knows nothing about the business. The surrogate reserved decision.

In Memory of Bishop Dudley. Louisville, Oct. 12.—Evidencing the tender regard and high esteem in which the memory of Bishop Dudley is held, the dedicatory services of St. Luke's Episcopal church at Anchorage Sunday were largely attended by the local clergy and laymen, with three bishops present as well.

The church is a beautiful edifice of rough gray limestone, and is splendidly situated. While special services were held during the entire day the dedicatory service proper was held at 3:30 o'clock in the afternoon. Bishop J. M. Francis, of Indianapolis; Bishop L. W. Burton, of Lexington, and Bishop Charles E. Woodcock, of the diocese of Kentucky, led in the procession around the church, being followed by the Louisville clergy and the choir. A lecture and cross, beautiful memorials, were also dedicated at the service by the bishops present.

The opening address was made by Bishop Francis, who spoke in beautiful and impressive fashion upon the life-history of Bishop Dudley. Following this address, Bishop Burton gave an interpretation of the theology of Bishop Dudley, and the closing tribute to the memory of "the man and the bishop" was given by Bishop Woodcock, who represented the house of bishops and the Kentucky diocese. The potent influence for good which Bishop Dudley had wielded, not only in the diocese but in the house of bishops, was the subject of the eloquent and touching tribute from Bishop Woodcock.

Cures Heat-Constipation FREE

At this time of the year city and county physicians publish their annual letters warning the public to beware of unripe or over-ripe fruit; germ-laden food and water, etc. But of more importance still is to warn people to keep their bowels well open these hot days, and this applies to young and old, but especially to the extreme of ages. To be constipated is to be in danger of germ-infection. Also, it thickens and over-heats the blood, producing sick-headache, loss of appetite, etc.

CALDWELL'S SYRUP OF PEP-SIN, and would like to make a test of it, before buying in the regular way from their druggist, can obtain a FREE SAMPLE BOTTLE, either for themselves or any member of their family by sending name and address to the doctor. The sample will be sent to your house free of charge. In this way you can find out what it will do without cost. Also, if the case presents difficulties that doctors and other remedies seem unable to overcome, write a letter to Dr. Caldwell explaining how the person suffers and he will give you his best MEDICAL ADVICE, based on half a century of experience in stomach, liver and bowel diseases, without charge. Women who have children should send for DR. CALDWELL'S SYRUP OF PEP-SIN, containing the doctor's advice on diet, hygiene and the best weathering a very important subject. The advice is

FLORIDA LASHED BY A HURRICANE

PENINSULA SWEEP BY STORM
AND MANY ENDANGERED.

Key West Suffers a Two Million Dollar Loss, and Is Under Martial Law.

OTHER POINTS ARE DAMAGED

Key West, Oct. 12.—As a result of a hurricane which struck the south coast of Florida, Key West is a mass of wreckage. The damage to property is \$2,000,000. Martial law was proclaimed by the mayor at 6 o'clock and the Key West guards are patrolling the city. The government has been asked to despatch troops here to assist in patrolling the storm swept area.

Chaos reigned on every hand, and few people remain in their homes, hundreds of which are wrecked or damaged. It is impossible yet to tell whether there is any loss of life, but it is thought many perished along the coast.

It is known that many were seriously injured, and unconfirmed reports are current that several were killed. The storm reached its height at 1 o'clock in the afternoon, when the winds is estimated to have had a speed of 100 miles an hour. There was a hard steady blow from S. E. to 3 P. M. when the wind began to die.

The hurricane was the worst Key West ever experienced. The weather observer said the indications are that the entire coast of Florida will suffer terribly. Of the hundred local vessels in the harbor, but five remain at anchor, the others either having gone to sea or washed upon the coast. The streets along the water front are a mass of wreckage.

Brick as well as frame buildings throughout the city suffered. Besides several scores of residences either wrecked or blown from their foundations, nine cigar factories were partially destroyed. Two fire department buildings were destroyed, and many firemen narrowly escaped. The top of the National bank was blown off. The postoffice was damaged.

Every telephone and electric light pole on Duval street, the principal thoroughfare, was blown down.

When the wind subsided, the plundering began. The police were unable to cope with the situation, and the proclamation of martial law followed.

Steamers in Storm.
Tampa, Oct. 12.—Much apprehension for the safety of the Mallory steamers Lampasas and Olivette, plying between here and Key West and Havana. The Olivette was spoken to at 9 o'clock yesterday morning by wireless, but nothing has been heard of her since. The Lampasas was due here at noon.

Workmen in Danger.
Miami, Oct. 12.—A gulf storm raged furiously last evening. Houses were unroofed and limbs blown from trees. Efforts of the officials of the east coast railroad to communicate with men at work on the road's extensions on the keys of the southern peninsula, have been in vain. Between 2,500 and 3,000 workmen are employed in the construction work on the lower keys, where there is slight opportunity for protection. Fears for their safety are intensified by recollections of the hurricane of 1906 when 140 lives were lost. The construction camps, however, are better fortified now.

Wind 120 Miles an Hour.
Havana, Oct. 12.—The most serious storm since the big blow of October, 1906, struck Cuba yesterday morning, causing extensive devastation through the western portion of the island. In Havana many minor buildings were blown down and unroofed, almost all trees uprooted, five persons killed and 25 injured. In the harbor 40 lighters and launches and small tugs were sunk or blown ashore. The total damage at Havana and vicinity is estimated at a million dollars.

In parts of Havana and Pinar del Rio provinces, orange and other fruit crops have suffered severely, but the tobacco is not seriously affected. The velocity of the wind reached 120 miles an hour.

At Arroyo Naranjo, eight miles from Havana, the new tuberculosis hospital was blown down and many patients injured.

CURES REMOVE DOUBT ABOUT ECZEMA CURE.

Read What Your Druggist Says About Oil of Wintergreen Compound.

Druggist R. W. Walker submits the following to the readers of The Sun:

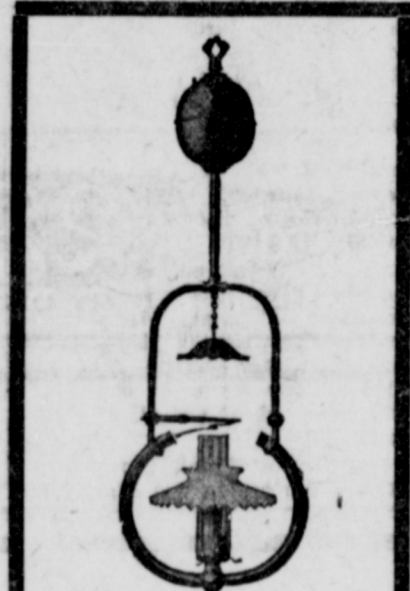

For several years we have announced, with our recommendation, that we had found a positive cure for eczema; a simple skin wash, oil of wintergreen compounded with other healing ingredients.

Yet we know there are people right in this town who have eczema, and still have never tried this remedy.

We have, therefore, arranged with the D. D. Laboratories of Chicago for a special offer of a trial bottle of 25 cents instead of the \$1.00 bottle as regularly sold.

We offer this trial bottle with our recommendation and assurance that just as soon as the patient washes his itching skin, this mild, liquid will take the itch away instantly.—R. W. Walker Co.

Commissioner Rankin Urges the
Growers to Pool But Deplores
Lawlessness and Force.

NEWS FROM OLD KENTUCKY.

Mt. Sterling, Ky., Oct. 12.—Tobacco men are selling rapidly here, and all indications point to a high market. The weed is being sold to men who never see it and the prices paid for it are as high as 15 1-2 cents—something unheard of here in many years. Pool men claim that the American Tobacco company is behind the price, and that they are paying high so as to try to break the pool. One million pounds was sold in this county in forty-eight hours at an average price of 13 1-2 cents.

URGES GROWERS TO POOL
But Commissioner Rankin Deplores Lawlessness.

Frankfort, Ky., Oct. 12.—Deplored the lawlessness which has existed and the efforts that have been made to force farmers into the pool, M. C. Rankin, commissioner of agriculture, in an address to the farmers of the burley tobacco district, urges that the pool of the 1909 crop of tobacco must be a success.

**CARLISLE'S HARVEST HOME
PROVED A BIG SUCCESS**

Over 2,000 in Attendance, and Exhibits Were of Unusual Excellence.

Carlisle, Ky., Oct. 12.—One of the largest crowds of people from Nicholas and adjoining counties ever seen in this city attended the annual harvest home which was held here on Saturday. It is estimated that over 2,000 people were in attendance, and the exhibits of farm and garden products were fully twice as extensive as one year ago. The quality was pronounced by many visitors as second to none in the state.

The exhibits included corn, tobacco, potatoes, kershaws, pumpkins, wheat, rye, oats, beets, tomatoes, beans, turnips, carrots, parsnips, cukes, bread, preserves, canned fruit, apples, peaches, pears and many other varieties, besides works of art. A liberal list of premiums was awarded to the successful contestants.

MILLIONS OF LIVES LOST.

An Awful Toll Collected By Consumption—Many Unnecessary Deaths From This Disease.

If people could only understand that systemic catarrh is an internal disease that external applications cannot cure, they would not need to be warned so often about this malady which, when neglected, paves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Mucu-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Rexall Mucu-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucu-Tone on our guarantee. We have Rexall Mucu-Tone in two sizes, 50 cents and \$1.00. Very often the taking of one 50-cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles. Remember you can obtain Rexall Remedies in Paducah only at our store.—The Rexall Store.—W. B. McPherson, Fourth and Broadway.

GREAT ACTIVITY SHOWN IN BUSINESS CIRCLES

New Blocks and Other Improvements in Fulton and Vicinity.

Fulton, Ky., Oct. 12.—Not since the panic has there been such activity in business circles as there is now in this city and vicinity, and the various new business blocks and other improvements going on, as well as real estate deals and increased bank deposits, indicate that confidence has been fully restored.

J. Kelly, Wood & Co. are completing their 10x94 brick storehouse. This will be the largest store in Fulton, and will do a wholesale and retail business in dry goods, shoes, hats, clothing and notions.

Campbell & Callahan are completing their brick business block, 75x150 feet. This firm will carry a large stock of farming implements and builders' hardware.

A. J. Alexander has under course of construction a large two-story brick building for a sanatorium.

A. Huddleston & Co., hardware dealers, have completed the remodeling of their large two-story brick building on Main street.

The \$40,000 contract for street improvements let to the Little Bros. is under headway, and about two and a half miles of streets have been completed.

I. H. Read and C. E. Webb have formed a partnership and have opened up an automobile company. They have under consideration the erection of a large two-story brick building for the firm.

The Usona Hotel, recently leased by the National Hotel company, is being remodeled throughout at a cost of about \$7,000.

Superintendent C. O. Hardins, of Edgewood mines, is dead and seven others are badly injured, two perhaps fatally.

Superintendent Hardins' head was crushed and his right arm torn from its socket, death being almost instantaneous. James White and James Wilhoite were crushed so badly it is believed they cannot survive the day. White's leg was broken.

Others injured are: J. S. Blackburn, leg broken and ruined; Wiley Turner, chest and hip ruined; John Sanders, badly bruised; S. Turner, crushed; an unknown man slightly hurt.

All the men are white miners. The crew started to work this morning at the usual hour, going up the incline in an empty car, while a car filled with coal came down on a parallel track. The incline brake failed to work, and the car loaded with coal came down at lightning speed and jumped into a ravine.

The upgoing car of men leaped up the track, a distance of 2,700 feet and was hurled into the mouth of the mine. Hardin was dead when bystanders reached them. He is from Linton, Ind., where his body will probably be sent. He formerly lived at Wheatcroft, Ky.

TRUE BILL AGAINST GEN. P. P. JOHNSTON.

Grand Jury Indicts Him as Result of Attack on Editor Goode.

Louisville, Oct. 12.—The grand jury indicted Philip P. Johnston, adjutant general of Kentucky, on a charge of malicious striking and wounding.

The indictment of General Johnston grows out of an assault committed by General Johnston upon Mr. Denny B. Goode, editor of the Focus, August 3 last. General Johnston struck Mr. Goode with his cane following some observations in the Focus disagreeable to him.

BOUSING RECEPTION GIVEN TO K. U. FOOTBALL TEAM.

Lexington, Ky., Oct. 12.—Nothing short of a national Democratic victory or the winning of the English derby by a locally owned horse could have created quite as much enthusiasm in Lexington as was displayed because of the victory of the Kentucky State University eleven over the Illinois University team at Urbana Saturday afternoon. When the report came that K. S. U. had nailed the game 6 to 2 some 300 of the students paraded through Main street singing the university songs and giving the various yells. At night a large number of the students headed by the university band, filled the principal streets for an hour, many of the citizens joining them in the celebration. The team was given a rousing reception upon its arrival home.

HENDERSON SUNDAY WAS DRY.

Model License Idea Adopted by Henderson Council at Instance of Saloon Keepers.

Henderson, Ky., Oct. 12.—Henderson passed an extremely "dry" Sunday. All the saloons were closed as tight as "Dick's hatband." Not a drop was to be had for love or money. The ordinance under which the saloons were closed was asked for by 28 of the 47 saloons of the city some days ago and passed by the city council.

This ordinance makes the third offense a revocation of the license. It also eliminates pianos, dice boxes, gambling games for drinks or otherwise and also requires that women cannot loiter in or about saloons.

The saloon, during closing hours, is required to remove the screens so that the entire bar may be seen from the street.

FINAL REPORT ON THE CROPS

CORN YIELD IS LARGE BUT NOT RECORD BREAKER.

The Present Wheat Crop, However, Has Been Surpassed Only Twice Before.

FARM CROPS VALUES INCREASE

The crop report which has just been issued by the department of agriculture is not quite as favorable as had been expected a few months ago, but it is very far from being discouraging. Contrary to earlier promises, corn will not break the records. The yield is placed at 2,648,000,000 bushels, as compared with 2,668,000,000 bushels in 1908; 2,927,000,000 in 1906; 2,798,000,000 in 1905; and 2,663,000,000 in 1899. These were the only years which exceeded the crop which will be gathered in 1909. There will be 714,000,000 bushels of wheat, an amount which was surpassed by the yield of 1906 and 1901 only. With a crop of 1,008,000,000 bushels, oats leads all previous years. Barley,

which will contribute 170,000,000 bushels, was led by 1906 alone, while rye, with 31,000,000 bushels, is below the harvests of 1908, 1907, 1906, 1902 and 1901.

In aggregate value the farm products of the country have been steadily increasing for many years. The total for 1908 was \$7,778,000,000, which was a gain of \$290,000,000 over 1907, \$1,023,000,000 over 1906, \$1,469,000,000 over 1905, and the lead over previous years was still greater. Two months ago Secretary Wilson estimated that the aggregate receipts by the farmers of the country for their products of 1909 would cross the \$8,000,000,000 mark. At that time, however, the outlook was for a larger crop of the cereals in the aggregate than will be gathered. Cotton will drop 15 or 20 per cent below last year's yield. The range of farm products, however, on the general average, bring higher prices now than they did a year ago, and perhaps the \$8,000,000,000 line in receipts by the farmers may be touched.

When the farmer prospers, as he will this year, the country usually has good times. Agriculture is still a very large interest for the United States. The men engaged in it exceed in number those associated with any other calling. For several years past, notwithstanding the general trade mutations, the farmer has fared well. Nobody hears of any corn burning these days, as a substitute for coal, which the farmer was too poor to buy. Corn has brought such high prices in the past half dozen years that its producers have been able to buy all the necessities and many of the luxuries. The same has been true of the growers of wheat and the producers of the rest of the farm crops. On the whole 1909 is a favorable year for the agricultural interest.

LABOR CROWNS ITS GODDESS

A LARGE CROWD ATTENDS THE CEREMONY LAST NIGHT.

A. E. Stein as Spokesman, Presents the Goddess, Miss Lurline Wilkerson With Ring.

FLORAL CROWN PRESENTED.

Crowning of Miss Lurline Wilkerson as the goddess of Labor took place last night at the Central Labor hall in the presence of a large audience of people. Miss Wilkerson is an unusually attractive young girl, and her reign as Goddess promises to be successful. Mr. A. E. Stein, secretary of the Typographical union, which nominated Miss Wilkerson, presented her with a diamond ring in behalf of her success. Mr. George Ballowe, president of the

Central Labor union formally crowned Miss Wilkerson with a wreath. As a tribute a large floral crown was presented to her. Following the ceremony refreshments and music were enjoyed, while Police Judge D. A. Cross made a speech.

River and Weather.
The gauge at 7 a. m. today showed 2.2 feet of water here, a fall of one-tenth of a foot since yesterday morning. Wind from north, weather clear and business good.

Ripples.
The towboat Hosmer is doing harbor work for the Ayer & Lord Tie company.
With a tow of coal for the West

Kentucky Coal company, the Mary Anderson is due from the Caseyville mines.

The towboat Condor came up from Joppa yesterday afternoon and brought her commander, Capt. James F. Brown. He departed for Louisville and Cincinnati.

Capt. Dennis Smith is back from Joppa, where he was on duty as pilot on the towboat Condor.

The towboat W. T. Hardison is due from the Tennessee river with a tow of ties.

Delayed several hours by wind and low water, the Bob Dudley steamed in port at 7 o'clock this morning with a fair trip. She got aground twice fall between Shawneetown and Caseyville and once near Elizabethtown. The st'd strong wind last night kept her pilots busy holding her in the channel. She departed at 9 o'clock for a return trip.

With more passengers than freight the Clyde arrived from the Tennessee river at 2:30 o'clock this morning. She had 42 passengers, men, women and children, migrating from Tennessee to Arkansas. They were transferred to the Henry Harley this morning bound for Cairo.

A report heard on the wharftoat that the Clyde was going to tie up on account of low water in the Tennessee was denied this morning by her commander, Captain Wright. He said there was plenty of water, but it was falling rapidly. Both the Clyde and Kentucky, the Tennessee river packets, are running only to Hamburg, Tenn., being unable to go above on account of the low stage. The J. D. Reeder is meeting both boats at Hamburg and making the trips to Waterloo and Riverton, Ala. The Clyde left this morning for Joppa for freight, three cars having been consigned to her for points along the Tennessee river. She returns tomorrow and leaves at 5 p. m. for Hamburg.

This is a busy season for the Tennessee river boats in handling cotton. The Clyde handled 257 bales on her last trip. She brought 500 sacks of cotton seed for Joppa.

Al Harrigan and Emmett Graves, second and third clerks on the Clyde, returned to work this morning after

a week off. Albert Rittenhouse, assistant to John Street on the wharftoat, who filled both jobs on the Clyde's last trip, is back at his old post again after a strenuous week's toil.

The Henry Harley was delayed a short time by the wind last night, but was not damaged. She is enjoying a good business between here and Cairo.

The strong wind played havoc with the "mosquito fleet" about 10:12 o'clock last night and several motor boats tied between the wharftoat and bank came near sinking. Two were filled with water while others had been blown about and slightly damaged.

Wharftoat Frank Brown's condition this morning was slightly improved.

Sunday he suffered a severe attack of appendicitis and his condition has been serious. His many friends will be pleased to hear that he is improving.

A Natchez dispatch says: "The Monongahela Consolida Coal and Coke company, better known as the Pittsburgh Coal company, sent a coal digger to Natchez to recover as much of the 18 barges of coal sunk in the river below Natchez as could be saved. The digger turned several of the barges over, pumped them and brought them to the top. These barges will be overhauled and will be good as new. Seventy-five per cent of the coal will be recovered. The tug S. S. Prentiss, which went down in the storm, will be sent to New Orleans for repairs."
